

## Department of Psychology: Graduate Student Committee Composition Form

- Students must use this form as they select or change their thesis, comprehensive, & dissertation examining committees. A current copy should appear in every student's main office file.
- This form is for departmental use and does NOT replace other forms e.g. the change of advisor form that students may need to submit to the NMSU Graduate School.
- Except where signatures are called for, **please print clearly**.
- Note. The default assumption is that the same committee would serve for Doctoral Qualifying Exam, Doctoral Comprehensive, & Dissertation as all are parts of the Ph.D.
